(3) A notary public may terminate the electronic records notary public endorsement and maintain the underlying notary public commission.

(4) A notary public whose commission is terminated or expired, either by the notary or the department, shall disable their official stamp by destroying, defacing, damaging, or securing the device against use. The notary shall maintain their notarial journals for ten years as required by RCW 42.45.180 and WAC 308-30-210.
